CELEBRATING EXCELLENCE AT KEY MOTOR GROUP

At Key Motor Group we pride ourselves on striving to be one of the best automotive groups in South Africa. It is a pleasure to highlight some of Key Motor Group's recent individual achievements in the industry:

Jaimaine Pillay:

Jaimaine is a regular in the Isuzu Truck World Technical Competition and represented South Africa and Key in October 2024 in Japan and achieved 10th place in the International Individual Competition, putting SA and Key on the global stage. He is currently ranked in the top 3 Isuzu technicians in Africa and will be competing in Japan again in October 2025.

Jaimaine Pillay is third from the right

Phumla Khathi:

Phumla's story is one that we at Key are extremely proud of. Phumla came through Key's apprentice programme and qualified as a diesel technician in January 2024. She has since then also competed in Isuzu Trucks' Top Tech Competition and came in 5th place in Africa at the age of 24 . She is great example that women can hold their own in the technical environment and has a bright future in the motor industry.

Joey Ramdin:

Joey recently represented Key and SA in Stellantis' international Customer Centricity Competition and awards ceremony that took place in May 2025 in Istanbul. Joey walked away with 3rd place for the Africa/Middle East region, again putting Key and SA on the global stage for excellent customer service. This was his second time representing at this competition.

The National Automobile Dealers' Association (NADA) represents South African business owners managing new vehicle dealerships and qualifying used vehicle outlets.

Hugo Brauns:

Hugo is also a regular in the Isuzu LCV Top Tech Skills Competition in SA. Hugo managed to achieve 1st place in the country in June 2025. Below is from Isuzu Motors South Africa:

Key Pinetown, We are pleased to inform you that, Hugo Brauns, has achieved the 1st place in the 2025 LCV Top Tech Skills Competition. Hugo delivered an outstanding performance across both the theoretical and practical stations. His professionalism, attention to detail, efficiency, and exceptional diagnostic skills were clearly demonstrated throughout the competition.

Additionally, as the LCV I-1 GP International Competition takes place every two years, Hugo is automatically selected to participate in Round 3 of the 2026 Top Tech Skills Competition. From that round, Isuzu will select the top-performing technicians to undergo preparation training for the 2027 LCV I-1 GP International Competition in Thailand. On behalf of Management and all the Staff…..Well-done Hugo!!
